CRIME AND CASUALTY.

San Francisco Quietly Down—Kalloch Deceased Out of Danger.

Explosion of a Steamboat Boiler, Killing Two Men.

A Kansas City Railway Official Runs Away With a Respectable Woman and a Lot of Cash.

Two men Assassinated in Illinois—Dastardly Outrage in Ohio.

THE SAN FRANCISCO TRAGEDY.

San Francisco, Aug. 26.—Kalloch's condition is continually improving. He is now reported to be out of danger. According to the present opinion of the physicians the bullet merely grazed the lung. No effort has been made to probe the wound.

The workmen's guard on duty about the Metropolitan Temple has been replaced by police. The workmen are holding a mass meeting at Union Hall to-night, which is crowded to suffocation. The meeting has no particular connection with the Kalloch affair, having been called before the assault upon him. Everything is orderly and no tendency whatever to riotous sentiment.

LATER.

Reports of Kalloch's condition continue to be favorable.

strike out all reference to Kalloch and De Young, and said De Young had done what any man would do when a scoundrel slandered his mother. [Cheers, hisses and groans.] He believed in ennobling De Young for his action.

San Francisco, Aug. 27.—With the exception of a vigorous attack on the Chronicle by young Kalloch, the workmen's mass meeting last night was devoted to general campaign topics, and, after adjournment, the audience dispersed quietly.

TERRIFIC BOILER EXPLOSION.

New York, Aug. 27.—The explosion of the boiler of the tug Essex early this morning, wrecked the boat and killed Leonidas Fuller, fireman, and Jos. E. Laffay, engineer.

SENSATIONAL CRIME.

St. Louis, Aug. 27.—It will be recalled that a few days ago a dispatch from Kansas City stated that Wm. K. Bell, receiving clerk in the American and Kansas Pacific express office, in that city, had absconded with a considerable sum of money. It appears he received the money packages containing \$8,000 each from a Kansas City bank, addressed Wichita, Kas., and on Wednesday last appropriated them to his own use, and accompanied with a woman said to be respectable and well connected in Kansas City, came to St. Louis, on Thursday night. The train police here were notified, and Detective Page was assigned to work up the case. He learned that the woman had returned to Kansas City Saturday night. He followed her there and learned from her that Bell expressed from here \$5,500 to Trenton, N. J., and then left the city. This money has been recovered in New York, and the probabilities are that Bell will be arrested in a day or two.

BODY FOUND.

The body of James Rielly, the pork packer, who disappeared from his home here last Thursday, was found in the Mississippi river about 20 miles below the city last evening, and brought to town this morning.

ASSASSINATED.

S. H. Pemberton and Wm. Roberts, while returning from Galatin, Ill., to their home near Walpole, were waylaid yesterday and assassinated. Pemberton had been to Galatin to take charge of a law suit, and while there had a difficulty with parties interested in the suit, but nothing serious occurred. The theory seems to be that the persons with whom he had the trouble committed the murder.

DASTARDLY OUTRAGE.

Richmond, Ind., Aug. 27.—William Shepherd, a farmer of Preble county, O., living seven miles east of this city, was called from bed, Sunday night, by ten or twelve men, and ordered to come out and surrender. He refused, and they beat the door in with a fence rail, carried him to the woods, tied him to a tree, whipped him with a horse whip until he could stand it no longer, and gave him notice to leave the state in ten days or take his life into his own hands. He has filed complaints against four wealthy farmers of Boston township, whom he claims to have recognized.

FIRE.

Detroit, Mich., Aug. 27.—The large stove factory of O. K. Brauder, at Grand Trunk Junction, just outside the city, was destroyed by fire at midnight last night. Loss \$15,000; insured for half the amount.

OFF THE ROCKS.

Portsmouth, N. H., Aug. 27.—The United States steamer Wachusett got off the rocks to-day and goes into the dry dock to-morrow.

CABLEGRAMS.

GREAT BRITAIN.

DEATH OF SIR ROWLAND HILL.

London, Aug. 27.—Sir Rowland Hill died at half-past 4 this morning, aged eighty-four.

He was the son of a schoolmaster, at Birmingham, in which place he was born in 1795. In 1835 he was appointed secretary to the engineers for the colonization of South Australia. Two years afterwards he published a pamphlet developing his postal system. In the following year a committee of the house of commons recommended its adoption, but it was not till 1840 that his system was carried into effect, Hill being appointed by the government to superintend it. In 1846 he was rewarded by a public testimonial to the value of about \$70,000. In 1849 he was made manager of the London and Brighton Railroad Company. In 1846 he was appointed secretary to the postmaster general, and in 1854 was promoted to the rank of chief secretary. In March, 1864, he retired from this position, and the government, declaring the entire success of his plan, awarded him for life his full salary of £20,000

a year, and a parliamentary grant of £20,000, accompanied by a medal of the Society of Arts, and a degree of D. C. L. in the University of Oxford.

FINANCIAL.

London, Aug. 27.—The *Financial* says the American food purchases are now beginning to be estimated at amounts considerably in excess of those thought of a week or ten days ago. Notwithstanding purchases of iron and other manufactures here, the conviction prevails that gold will be taken in payment to a considerable amount. It is known that large amounts of bills against wheat shipments with the usual sixty days to run, have been steadily accumulating during last month.

The *Times* says: There was a small demand for silver for India yesterday and a large inquiry for the continent. About 80,000 pounds' worth, received from South America, was sold.

AN EMIGRATION MOVEMENT.

The Oldham spinners declare for systematic emigration if the reduction in wages continues, and recommend limitation of production for the present until an improvement of trade.

THE TURK.

The race for the great Eboria handicap stakes was won by Economy, Knight Templar 2nd, Serrino 3rd.

JAPAN.

GRANT.

Yokohama, Aug. 13.—Gen. Grant has returned to the capital since the last dispatch, and started on a new excursion to Kamokara, the ancient seat of military government, and the neighborhood. He is in the mountain range of Hakone. During his stay at Tokio he was visited by the Mikado, who consulted him on many important points of international policy and some of domestic policy. The confidence and reliance manifested by the government and people are unprecedented. The general returns to Tokio, August 19th, and sails for America. A movement is in progress for the formation of a new society having in view the extension of the protecting influence for eastern nations against the perpetual aggressions of European powers. Organization will doubtless be complete before the departure of Grant, who has consented to support it warmly and actively.

THE CHOLERA.

The cholera continues violent, but there are signs of abatement within the present month. Thus far there have been 45,000 attacks and 25,000 deaths. The government displays unflagging energy in confronting the disease.

AUSTRO-HUNGARY.

ANDRASSY'S SUCCESSOR.

Berlin, Aug. 27.—The *North German Gazette* publishes intelligence from Vienna that Count Andrassy has pronounced Baron Hammerly as his successor, and should the emperor approve of this choice, Herr Kallay will be appointed under-secretary for foreign affairs.

A VISIT FROM BISMARCK.

London, Aug. 27.—A Pesth dispatch reports that Prince Bismarck will visit Count Andrassy at Vienna about the middle of September.

ANDRASSY'S PLANS.

The *Standard's* Vienna correspondent telegraphs that Count Andrassy has announced that after his retirement from office he will lead an active parliamentary life.

GERMANY AND AUSTRIA.

Vienna, Aug. 27.—The morning papers state that an alliance will shortly be concluded between Germany and Austria.

SOUTH AMERICA.

BLOODY TIMES AT SANTIAGO.

New York, Aug. 27.—News from Santiago, the capital of Chili, up to July 31st, states that serious riots occurred in that city in consequence of popular discontent at the conduct of the war.

The populace erected a barricade and shouted "death to the traitor ministry."

Two persons were killed in a conflict with the troops and several wounded. It is reported that the Chilean president fled.

## MISCELLANEOUS MISCREANTS.

A Gang of Seedy Sinners Before His Honor.

Misadventures of An 'All Night Crowd.

James Ferguson is a lightning calculator and a double-twisted mathematician. He can tell how much 2 times 2 is without even winking. He associates with bankers, bookkeepers, accountants, etc., as a rule. Yesterday he associated with lager beer and gin slings, and couldn't calculate worth a cent. He couldn't even tell if 3 times 2 was 7, how many whisky sours would knock the starch out of his pins. The judge got right down to business and calculated that it would take just \$6 to get the starch back again. However, judgment was suspended.

H. S. Denver was the next lamb that fell in the pool. He was braced up by a pile of lumber on one side and the Harmon House on the other. This was at 1 o'clock last night. At four and a half seconds after 1 o'clock Officer O'Connell pulled the Harmon House away and H. S. fell down about the same time. O'Connell picked him up again, and in less time than Humpty Dumpty could transform him into a sandwich into cat pies H. S. was holding down a brick in the quay. He didn't have a word to say, and surrendered unconditionally.

Squire Ryan, as he fired a pint of tobacco juice into the attorney's hat, said "a dollar."

That old familiar face, Tom's Thomas's Thomas Shaughnessy's, peered in over the bar. Life is too short to tell all Tom's tribulations, but the latest is \$1 and costs. Two other parties, whose names could not be learned, defaulted.

Excursion.

Another grand excursion will leave the Wabash depot, Thursday, August 28th inst., at 4.45 a. m., for Michigan City via Peru, returning by midnight of the same day. Fare for the round trip has been placed at the low sum of \$3, which includes admission to the prison. This is the cheapest and most desirable trip of the season. 8,26

## COVERDALE'S CONSORT.

A Well Known Lawyer Is Sued for Divorce.

Silver Wedding Spoiled—Synopsis of an Interesting Complaint.

Another silver wedding has had the internal stuffing knocked out of it by "man's inhumanity to man"—or woman, either. This time it is Harriet Coverdale, of Monroeville, who wants the holy hands busted which unite her to Eli G. Coverdale, a well-known practitioner at the "bar" in this county. Harriet states that they were married in 1855, almost a quarter of a century ago, but her life has not been exactly strewn with roses and other sort cultural emblems. On the contrary her liege lord would occasionally wind her up by thumps administered to various parts of her body. She also alleges that Eli will persist in keeping the company of dissolute characters, and will take astronomical observations through a glass until his nose resembles a ripe pepper. Eli, she alleges, has accused her of infidelity, and says that their last child is illegitimate, inasmuch as he disclaims all authorship of the same. This, together with the fact that he does not properly support her, has proven too much for her, therefore she asks for a decree of divorce and other proper relief.

## THE CITY.

The hay fever is prevailing. "Humpty Dumpty" to-night. Regatta to-morrow afternoon. The council jawed until midnight. The city is being billed for the fair. Barnum comes one week from Friday. The state fair will open on the 26th prox. The city hall will be painted a drab color. Haskell's jubilee singers are a success. The Olympic reopens next Monday evening. The peeler's motto: Twenty minutes for lunch. Prof. R. A. Wellestein was in Toledo yesterday. Oubour and Berry streets want a new stench trap. Our merchants anticipate an immense fall trade. The mission at the cathedral closes Thursday night. State Senator Sarnighausen has gone to Mackinac. The 3rd street M. E. Sunday school picnic to-morrow. Justice Ryan presided as police judge this morning. Philley Colerick expects his \$200 note about September 12th. A lottery is being gotten up for the benefit of St. Peter's church. J. C. Didier's delivery horse ran away yesterday. No damage. Henry Olds has struck a gravel mine on his farm east of the city. The reformed men's club took a benefit at the Academy last night. The Arion Society will go out to the Zollinger farm next Sunday. Seats for "Humpty Dumpty" can now be secured at Geo. S. Fowler's. Tony Denier's troupe serenaded the denizens to-day with a brass band. The Berger family and the council are next Monday night. Lots of fun. The September term of the county commissioners will begin next Monday. Mrs. A. C. Converse left to-day to visit her father, living near St. Catharines, Ont. Phil Keints last night entertained Warsaw and Fort Wayne with a telephone solo. The members of St. Mary's band report having enjoyed a grand time at Rome City. The SENTINEL's home and foreign market reports are always correct and trustworthy. The Royal Arcanum is flourishing. Five new members were elected Monday evening. Wm. Black's great novel "Madcap Violet" will begin in the SENTINEL next Saturday. Mr. and Mrs. Max Nirdlinger and family returned last night from their northern tour. Judge Huestis and family have returned from the east. The judge looks much invigorated. Mrs. H. McKinnis, Miss Esther and Master George returned from Manhattan Beach yesterday. A number of the council and city officials went to Peru to-day to inspect their water works. Seats for Humpty Dumpty are going rapidly. Everybody will attend with his wife and children. Mrs. John U. Pettit (nee Miss Julia Brenton), of Wabash, is in the city visiting friends and relatives. An inmate of the county asylum yesterday fell from a wagon while in the city, and fractured his arm. Father Mueller preached a very able sermon on "Communion" at the cathedral last night to a large audience. Miss Mary Beach and Mrs. J. B. Ludlum, of St. Louis, are visiting Mrs. S. S. Ludlum, of 219 East Main street. Miss Minnie Oppenheimer returned yesterday from a visit to Lafayette, accompanied by Mrs. H. Stettiner, of Toledo. There was more talk and less business done at the council meeting last night than at any previous session this year. The mayor stated last night to the council that they were the most contrary set of gentlemen he ever had the honor of meeting. At the cathedral, this morning, an eloquent and impressive sermon was preached by Father Cook, the subject being "Christian Fidelity." By the time a few of the doctors have been fined for refusing to comply with the burial permits ordinance they will probably conclude to obey the law. The Fort Wayne College of Medicine has leased Hon. A. H. Hamilton's building on Calhoun street, next door to the Third Presbyterian Church. The SENTINEL has the largest circulation and has \$250 that says so. Any one who is inclined to dispute that proposition is invited to put up or shut up. Deputy Sheriff Cosgrove left for Indianapolis this afternoon at 4 o'clock, having in charge Sarah Flock, of Abbot township, bound for the insane asylum. Bas Chittenden didn't want to serve as clerk last night, so he kept out of city hall until the council was organized. Mont. Hamilton was therefore roped in. Dr. H. Doremus has been appointed by the trustees of the Concordia College superintendent of the household and buildings. He is also treasurer of the college. Mrs. Chas. D. Bond, accompanied by her son, Mr. G. E. Bond, two daughters, and Miss Addie Bond will leave for the Atlantic coast on Saturday, to be absent several weeks. Willie, the only son of B. S. and Mary E.
